1. INTRODUCTION

The health, safety, and welfare of all the people that work or learn at our school are of fundamental importance. We aim to provide a safe, secure and pleasant environment for everyone where people are supported to fulfil their potential. The governing body, as an employer, takes responsibility for the health & safety of all our pupils, members of staff, and others who visit our premises.

2. STATEMENT OF INTENT

The Governing Body of the school recognise their responsibility as employers under the Health and Safety at Work etc Act 1974 to provide a safe and healthy environment for the teaching and non-teaching staff, the pupils, and other people who come onto the premises.

The Governing Body will take all reasonably practicable steps within their power to fulfil this responsibility.

The Governing Body has adopted the Health and Safety Policy of Durham County Council, as detailed in the School Health and Safety Policy and Procedures Manual (available at <https://gateway.durhamschools.org.uk/premises/healthsafety/Lists/School%20HS%20Policies%20%20Procedures/Current%20Documents.aspx>). In addition the school will, where reasonably practicable, apply all health and safety instructions and advice issued by the Local Authority and other enforcing bodies. When required the Governing Body and/or Headteacher will seek competent Health and Safety advice from the Local Authority.

The school will ensure that risk assessments are conducted, recorded, and implemented to guarantee, so far as is reasonably practicable, the provision and maintenance of:

- safe premises, plant, and systems of work;
- safe methods of using, handling, storing, and transporting of articles and substances;
- suitable and sufficient information, instruction, training, and supervision to enable all employees to avoid hazards and contribute positively to their own safety and health at work;
- a safe working environment with adequate arrangements for the welfare of employees; and,
- safe access to, and egress from, places of work including procedures for evacuation in an emergency.

Adequate facilities and arrangements will be maintained to consult with employees, trade union representatives, and the relevant internal and external safety agencies, to encourage a joint approach to the management of health, safety, and welfare.

All employees have a legal obligation to take reasonable care for their own health and safety, for the safety of others and to co-operate with the Governing Body and Head Teacher in fulfilling the schools' statutory duties.

The Governing Body will review this policy statement annually and update, modify, or amend it as it considers necessary to ensure the health, safety, and welfare of staff, pupils, and others.

5. OTHER SCHOOL ARRANGEMENTS

5.1 THE SCHOOL CURRICULUM

- We teach children about health and safety in order to equip them with the skills, knowledge, and understanding to enable them to live positive, successful, and healthy lives. Teachers take every opportunity to educate children in this regard in the normal school curriculum. For example, through the science curriculum we teach children about hazardous materials, and how to handle equipment safely.
- We teach children respect for their bodies, and how to look after themselves. We discuss these issues with the children in PSHCE lessons and we reinforce these points as part of our healthy schools programme, where children learn about eating and hygiene. We also show them how to move and play safely in PE lessons.
- Health and safety issues also arise when we teach care for the environment and awareness of the dangers of litter.
- Our school promotes the spiritual growth and welfare of the children through the RE curriculum.
- Each pupil has the opportunity to discuss problems or issues of concern with their teachers and/or pastoral leaders.

5.2 SCHOOL MEALS

- Our school provides the opportunity for children to buy a meal at lunchtimes. If parents are in receipt of income support, they may claim free school meals for their children. We do all we can to ensure that the meals provided have a suitable nutritional value and work with our catering contractor to achieve this.
- Care is taken to ensure pupils with food allergies are given meals that are safe and of nutritional value.
- If children choose to bring their own packed lunch, we provide them a suitable place to eat their lunch, and we supervise them during this time.
- Our school promotes a healthy lifestyle and achieves the Healthy School Standard.

5.3 CHILD PROTECTION

- There is a named person responsible for child protection in the school. This is the Deputy Headteacher, but this may be delegated in some circumstances. See child protection policy for details.
- We require all adults employed or having contact with pupils in school (eg staff, volunteers, contractors etc) to have been DBS checked before being allowed unsupervised access to pupils. This includes adults accompanying Educational Visits.

5.4 VISITORS IN SCHOOL

- The entrance to the school is kept locked to prevent unauthorised access.

- All visitors will sign in on entering the school and wear a visitors badge at all times.
- Staff should report any potentially unauthorised visitors to the Deputy Headteacher as soon as possible. Staff should not put themselves at risk challenging intruders, but should ensure pupils are moved to a place of safety.

5.5 SEAT BELTS

Our school only uses coaches and mini buses that have seat belts provided. We instruct pupils to wear seat belts at all times when the vehicle is moving.

When staff cars are used to transport pupils the law regarding child restraints is always followed without exception.

5.6 EDUCATIONAL VISITS AND OFF-SITE ACTIVITIES

Our school recognises the educational benefit of educational visits and off-site activities and the valuable contribution such activities can play in supporting the curriculum.

The school will follow the Local Authority guidance on Educational Visits and seek Local Authority approval for all visits where required.

Governors delegate the Headteacher authority to approve all visits on behalf of the school with the exception of overseas visits and those involving adventurous activities requiring an AALA licence. Approval for such visits will be made by the Governing Body.
